Direct Communications Cedar Valley Supplemental Filing

In its filing dated October 27, 2004, Direct Communications Cedar Valley, LLC ("DCCV" hereinafter) requested that it be allowed to "participate in federal USF as an average schedule company under section 69.605(c) of the Commission's Rules. DCCV further requested a waiver of section 69.605(c) "if necessary, to permit such treatment."

DCCV wishes to clarify its request. Because USF payments are typically calculated on historical cost data, and because DCCV will not have accumulated such data during the first year of its operation of the telephone system at Eagle Mountain, the Company is requesting that it be treated as an average schedule company - both for purposes of receiving USF support upon approval of its Petition herein and for purposes of calculating its pool access revenue settlements.

DATED this 3d day of February, 2005.
